Istanbul by Bettany Hughes review □ a colourful, life ...

Bravo Bethany Hughes. As I strolled around the streets of Istanbul, this book brought the forgotten corners to life, such as the remnants of the Serpent Column, a reminder of the forgotten Spartan days of the city of Byzantium. Equally unmentioned in most touristic tales is the Egnatian Way, where all roads lead to Rome.

Amazon.co.uk:Customer reviews: Istanbul: A Tale of Three ...

Bettany Hughes new book, "Istanbul," (just like her previous two books) approaches history differently. It's complex--almost mythical, but always rooted in her extensive personal research and

Topic: The story of the city we now call Istanbul spanning three millennia, from Byzantium's semi-mythical origins as a Greco-Thracian colony along the Bosphorus circa the 7th century BC, steeped in legends of Argonauts and Homeric epics, with shifting allegiances between Athens, Sparta, Persia, Macedonians, and rival Roman emperors, to the city's rebirth as Roman Byzantium by the 1st century AD and rechristening as Constantinople 300 years later

Istanbul: A Tale of Three Cities | Bettany Hughes | download
From the Koran to Shakespeare, this city with three names—Byzantium, Constantinople, Istanbul—resonates as an idea and a place, real and imagined. Standing as the gateway between East and West, North and South, it has been the capital city of the Roman, Byzantine, and Ottoman Empires. For much of its history it was the very center of the world, known simply as "The City," but, as Bettany Hughes reveals, Istanbul is not just a city, but a global story.
