'Myths of the Archaic State clears away the cobwebs of an earlier generation of anthropological thought and, in its strongest moments, points toward a new configuration of global history.' Science 'Norman Yoffee identifies a series of what he terms 'myths' in archaeological thought, and then proceeds to demolish them one by one, using an astonishing array of case studies, from Mesopotamia to Chaco Canyon.~~

### Myths of the archaic state : evolution of the earliest ...

I began this book by delineating the myths that archaeologists created about “the archaic state”: the earliest states were very similar to one another (and so represent the evolution of “the archaic state”); they were large, territorial creatures, evolved from “chiefdoms” and from earlier stages that could be known through ethnographic analogies; they were dominated by ineffably and irresistibly powerful rulers, who controlled, or even monopolized, all means of production and the ...
