For some subjects you need more magnification than a regular 70-200mm or 70-300mm lens can provide. This is where you need a super-telephoto of up to 600mm focal length, and this is where the new breed of 150-600mm zooms is ideal. This is the best Nikon lens for wildlife and long-range sports fans and could be especially good for aviation nuts.
