The historical aspect of English really encompasses more than the three stages of development just under consideration. English has what might be called a prehistory as well. As we have seen, our language did not simply spring into existence; it was brought from the Continent by Germanic tribes who had no form of writing and hence left no records.

**What are the origins of the English language? | Merriam ...**

English is a West Germanic language that originated from Anglo-Frisian dialects brought to Britain in the mid 5th to 7th centuries AD by Anglo-Saxon migrants from what is now northwest Germany, southern Denmark and the Netherlands. The Anglo-Saxons settled in the British Isles from the mid-5th century and came to dominate the bulk of southern Great Britain. Their language, now called Old English, originated as a group of Anglo-Frisian dialects which were spoken, at least by the settlers, in Engl

**History of English – Wikipedia**

The English language was emerging around its London dialect, known as the Chancery Standard. It was by the mid-fifteenth century that the Chancery Standard started to be used for all official purposes — with the notable exception of the Church (which continued to use Latin).

**The Development Of The British English Language**

English is a West Germanic language first spoken in early medieval England which eventually became the leading language of international discourse in today's world. It is named after the Angles, one of the ancient Germanic peoples that migrated to the area of Great Britain that later took their name, England.
