The Complete Story of Destiny! From origins to Shadowkeep [Timeline and Lore explained]Space Territory And Territoriality

The construction of territory is the consequence of territoriality—defined as the ensemble of relations that a society maintains with exteriority and alterity for the satisfaction of its needs, towards the end of attaining the greatest possible autonomy compatible with the resources of the system.

Space, Territory, and Territoriality - Claude Raffestin, 2012

Space, from a territorial perspective, is the result of historical interactions between socio-economic forces governing access to natural resources.

Space, territory, and territoriality

Territoriality is a term associated with nonverbal communication that refers to how people use space to communicate ownership or occupancy of areas and possessions. The anthropological concept branches from the observations of animal ownership behaviors. Personal space can be regarded as a bubble with a person at the center, forming an area which the person does not wish to be invaded. An example of demonstrating territoriality might be the car size. Driving a large truck like the Ford F-350 mig

Territoriality (nonverbal communication) - Wikipedia

Dahlman 2009, in keeping with much of the literature, limits the focus to territory as the spatial extent of the state and territoriality as a strategy used by states. For all that territorialization and territoriality might appear central to political geography, few textbooks in that subject area deal with it explicitly, Cox 2002 being one of the few exceptions.

Territory and Territoriality - Geography - Oxford ...

Territoriality refers to the monopolization of space by an individual or group. While territories have been defined variously as any defended space, areas of site-specific dominance, or sites of exclusive monopolization of space, they can be quite fluid and short-term.

Animal social behaviour - Territoriality | Britannica

‘ Territory ’ and ‘ territoriality ’ are widely used in urban research, but often in a general, non-specific sense that effectively relies on the idea that a territory is a ‘ bounded space ’, or the understanding that territory is the outcome of territoriality. This entry disentangles these uses, looking at economic, political,

Territory-Territoriality - Eiden

The Anxiety Due to Territory and Space Intrusion Questionnaire used was designed to identify the feelings of hospitalized patients regarding invasion of their personal and territorial space. The validation study and the cross-cultural adaptation to the Brazilian reality of Anxiety Due to Territory and Space Intrusion Questionnaire was published in 1998 and obtained satisfactory psychometric qualities [5].

The perception of territory and personal space invasion ...

, specifically in the sphere of proxemics, territoriality is a concept which refers to a stationary area or fixed geographic location to which we lay claim and protect from invasion by others. Your territory may include your room, your bathroom, your car, and even your particular seat at the dinner table.

Territoriality: Forms of Territorial Behaviors | Hioque.com

Territoriality usually is associated with the possession of some physical space, but it can also involve such processes as dominance, control, conflict, security, claim staking, vigilance, and identity. If a territory is important to a person, his or her sense of identity may be closely tied to it.

Territoriality - IResearchNet

In modern times, national self-government involves either state sovereignty or some form of political autonomy, both of which are premised on the possession of territory, defined as bounded space (Sack, 1986).
