~~15 Ways to Build a Growth Mindset | Psychology Today~~

The growth mindset is based on the belief that your potential is unknown but through effort, practice and positive belief you can improve. With the belief that your qualities can be developed, so it creates a passion for learning. The fixed mindset on the other hand believes that you are only as capable as the talents you are born with. People living with a fixed mindset tend to shy away from opportunities for fear of making mistakes which ultimately stops them from growing. With a growth ...

Nobody has a growth mindset in everything all the time. Everyone is a mixture of fixed and growth mindsets. You could have a predominant growth mindset in an area but there can still be things that trigger you into a fixed mindset trait. coached unless their mindset will be changed towards a growth mindset.

~~Research Paper: Growth & Fixed Mindset in Coaching~~

A coaching culture that supports a growth mindset hinges on expanding an employee ’ s belief boundaries, starting with understanding how their beliefs and values are influencing their emotions, which in turn are driving their behaviors and actions. When coaching efforts shift from providing feedback to building self-discovery, belief boundaries incrementally stretch, creating an emotional openness to learning new skills and behaviors.
